MHIKNET (pronounced “my net”), is Manitoba’s Health Information and Knowledge Network and is a service provided by the University of Manitoba’s Health Sciences Libraries to staff of Manitoba Health, Seniors & Active Living, staff of participating Regional Health Authorities, and fee-for-service physicians in Manitoba. MHIKNET provides quality information for patient care, evidence-based practice, and continuing education.

Register for your free library card.

Don’t Forget…UpToDate!

MHIKNET library card holders have access to UpToDate! UpToDate is an electronic Clinical Decision Support tool used by clinicians and non-clinicians in the delivery of healthcare. It includes more than 10,500 topics covering general internal medicine and more than 20 specialties; a select drug database and drug interaction tool (in partnership with Lexicomp®); more than 1,500 patient education topics; more than 28,000 graphics; links to more than 400,000 references; and a number of medical calculators.
